

Intertain Group Limited Announces Cross Currency Swap Agreement
Currency swap transaction minimizes US dollar exposure

TORONTO, December 2, 2015 - **The Intertain Group Limited** (“Intertain” or the “Company”) (TSX:IT) today announced that it has entered into a cross currency swap agreement (the “Swap Agreement”) in order to minimize the Company’s exposure to exchange rate fluctuations between the Great British Pound (“GBP”) and the US Dollar (“USD”) as cash generated from the Company’s operations is largely in GBP while principal and interest payments on the Company’s seven-year US\$335 million first-lien term loan credit facility (“Term Facility”) is in USD.

Under the Swap Agreement, 90% of Intertain’s interest and principal payments on its US debt will be hedged until March 2017. Intertain will pay a fixed 7.81% interest in place of floating USD interest payments of Libor plus 6.5% (Libor floor of 1%). The interest and principal payments will be made at a GBP/USD FX rate of 1.5135 on USD notional amount of \$293,962,500.

Key benefits to the Swap Agreement include:

- Ensuring that the currency denomination of the assets and liabilities pertaining to Intertain’s business are better matched; and
- Protecting the Company’s equity holders against fluctuations of the GBP to USD rate of exchange.
